Dear Mr. Rowe:

The Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) authorized the New Jersey Department of Environmental Protection (NJDEP) to establish a program requiring permits for hazardous waste treatment, storage or disposal facilities. NJDEP has issued regulations to implement this permit program, which can be found under N.J.A.C. 7:26-1.1 et seq.

Pursuant to these regulations, specifically N.J.A.C. 7:26-12.3, your facility has been operating as an existing facility since the New Jersey Hazardous Waste Management Regulations (N.J.A.C. 7:26-1.1 et seq.) became effective on October 8, 1981. Our records show that you have submitted either Part A of the USEPA RCRA Permit Application or Part A of the New Jersey Hazardous Waste Facility Permit Application. If necessary, your Part A application shall be revised to reflect the requirements of N.J.A.C. 7:26-1.1 et seq.

This letter shall constitute an official request for the complete New Jersey Hazardous Waste Facility Permit Application, which shall include the items set forth in Attachment I.

~~Your alternative information statement and affidavit should be submitted no later than three (3) months from the date of this letter. The remaining sections of your application should be submitted no later than six (6) months from the date of this letter. Failure to submit the required application by this date shall constitute grounds for termination of existing facility status pursuant to N.J.A.C. 7:26-12.3(f)2.~~

17 JAN 1985

As stated above, your full application is not due until six (6) months from the date of this letter. However, I would encourage you to start work on it as early as possible because there is a significant amount of information to be submitted. All submittals should be addressed to the attention of:

Frank Coolick, Chief  
Bureau of Hazardous Waste Engineering  
Division of Waste Management  
New Jersey Department of Environmental Protection  
32 East Hanover Street  
Trenton, New Jersey 08625

Initially, all applicants shall submit three (3) copies of the application. The Department will notify the applicant as to how many additional copies are needed for distribution to appropriate state and local authorities when it completes its initial evaluation of the application.

Should you wish to treat part of your application as confidential information, please refer to Attachment II, which outlines the procedures to be followed in making this claim.

I have taken the liberty of scheduling two (2) application conferences in order to assist you in preparing this application. These conferences have been scheduled for March 5, 1985 and April 11, 1985 at 10:00 am. These conferences will be held in the 2nd floor conference room, 32 East Hanover Street, Trenton, New Jersey 08625. If it is determined that one or both of these conferences is unnecessary, please notify my office of the cancellation.

Should you have any questions regarding this official request to submit your Hazardous Waste Facility Permit Application, please do not hesitate to contact me at (609) 292-6724 or the Bureau of Hazardous Waste Engineering at (609) 292-9880.
